Forecast For West Midlands
Issued by Met Office Exeter
at 1600 on Tuesday 14 Sep 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Drier with sunny spells, before further rain Friday.

This Evening and Tonight:
Residual rain clears in the east through the first half of the night, turning the region dry. Clear skies also begin to develop from the west, with perhaps the odd fog patch developing here. Minimum temperature 13 deg C (55 deg F).

Wednesday:
A sunnier day once early cloud breaks up. Some cloud will begin to return in the evening, giving a cloudier night. Maximum temperature 21 deg C (70 deg F).

Outlook for Thursday to Saturday:
Sunny spells and scattered afternoon showers on Thursday. Cloudier on Friday with spells of rain. Variable cloud amounts and perhaps a few showers on Saturday. Remaining mild.
